## California Supermodified Series

---

**FOR IMMEDIATE RELEASE:**

**No. 16-S1**

### **CALIFORNIA SUPERMODIFIED SERIES OFFICIAL STATEMENT ON 45<sup>TH</sup> HARVEST CLASSIC INCIDENT**

**MADERA, CA, September 20, 2016** – The California Supermodified Series (CSS) continuously pursues its mission to offer wholesome, thrilling, and intense entertainment of the highest quality; through affordable, equitable, and competitive racing of intriguing and unique racing machines; while giving back to the communities we entertain. Furthermore, the CSS takes great pride in our professionalism, maintaining the highest standards and values entertaining our fans, and giving back to the community. Those principles are further accentuated by the opportunity to entertain some of the best race fans around while racing at LoanMart Madera Speedway, one of the premier asphalt short tracks in California, with topnotch staff and crew that are second-to-none.

Unfortunately, during the CSS Main Event of the 45<sup>th</sup> Harvest Classic on September 17, 2016, an infield incident occurred that not only failed to pursue our mission, high standards, principles, and expectations, but violated multiple Series rules, most notably the Rules of Conduct. Pursuant to those failures and violations, the #7 Hays Bros Racing Team is suspended indefinitely from **ANY** participation and/or competition, effective September 17, 2016. Further evaluation and additional determinations will be forthcoming.

**About the California Supermodified Series:** Launched in 2014, the California Supermodified Series (CSS) is a series for “the world’s ultimate short track racecar”, the Supermodified, to once again reign supreme in California, after the decline over the last several years, by providing 360 Supermodifieds in California a sanctioning body and offer wholesome, thrilling, and intense entertainment of the highest quality; through affordable, equitable, and competitive racing of intriguing and unique racing machines; while giving back to the communities we entertain. For more information and updates please visit the Series’ Official Website at [www.cssracing.com](http://www.cssracing.com), like them on Facebook, and follow them on Twitter (@CSSRacing), Instagram (CSSRacing), and YouTube!
